TAI Club News & Information

Say "HI" to New Members

Sept New Members Please Welcome – Johnie Walker

TAI Family Day Oct 7th

We are planning a TAI Family Day at the Robert Satow Flying Field on Saturday October 7th. So far, we have about 30 members and families confirmed to attend. If you have not RSVP'd yet, please do to Mark Fansler, so we can plan on how much food to purchase. The Club will be supplying Hamburgers, Hot Dogs, Chips & Drinks. Those attending are encouraged to bring an open dish and/or a desert to share. Setup will begin at 10am with the event running from 11a – 2p. There will be flying before and after, but no flying from 12p to 12:30p during the prayer and the beginning of the meal. All are welcome, spouses, family, friends and neighbors. If rain is forecast a week prior, we will reschedule a rain date for Oct 14th. We hope to see all the members and their guest at the field!!

October Club Meeting on Family Day – Saturday

We will be holding our October monthly club meeting at 2:30pm right after the Family Day celebration on October 7th. This will be an abbreviated meeting to keep it short and to the point.

Missing Bush Hog Hub

This missing hub is hard to understand but it was discovered two weeks ago that the Bush Hog's hub, the hub the blades bolts to, is missing. If anyone has any knowledge of where the hub is please email or call Mark Fansler.

Personal Contact Information In/On Your RC Airplane

As a pleasant reminder, with us being an approved FAA-Recognized Identification Area (FRIAI), it is the AMA's policy for our members to affix your Name, Phone Number, AMA Number and your FAA number onto your airplane. If this label is placed inside the aircraft, it must be accessible by removing any panels, cowls or covers to get to the place where the label is visible without the use of tools.

FRIA Effective Date Extended

The FAA has approved about 700 FRIA Sites but still has 800-900 more to go. With this backlog, the FAA's September 23, 2023 enforcement date has been extended for 6 months to March 16, 2024. Fortunately, our field is one of the approved FRIA flying sites so no transponder is required.

Club Officers & Directors Nominations

The club By-Laws state we will vote on new nominated club Officers & Directors at our November meeting. Be thinking about who and what position you would like to nominate a club member for. I would suggest you ask that person if they are interested in becoming a club Officer or Director before nominating them. The current Officers and Director can continue for another year, in their position, by a vote of confirmation at the Nov. meeting.

Remember: Takeoffs are Optional, but Landing is Mandatory!!
